Information on upcoming meetings is on Page 2.

### New Members

Welcome to:

Stan, KF6MON  
Allen KF6MJR  
Russ, W6FVB

### Important Note About This Month's Meeting...

Our October meeting was postponed to the November meeting. John, W9EN will give us his presentation on Trunking Systems. This is about the third time I have had to reschedule John to accomodate other guests, etc. This time, unfortunately, none of us had too much control over the local fires. Thank you all for your patience and understanding and I am sure John has an interesting presentation lined up for us.

Our November meeting is also our General Meeting. There are two major items on which the members must vote. One is the election of our club officers for next year. The other is the new club By-Laws which have been rewritten and must be voted on by the general membership.

-- Nick, KK6TV

## UPCOMING MEETINGS

by Nick, KK6TV

### **November 25th Fundamentals of Trunked Radio with John Belstner, W9EN**

Have you ever wondered what Trunked Radio is all about? This will be your chance to learn all about it from one of the leading gurus in the field and also an EARS member, John Belstner, W9EN.

John is currently a design engineer for DENSO Wireless in Vista. He has a Master's Degree in Electrical and Computer Engineering and has worked on a variety of wireless products from weather radar to cellular telephones.

John's Trunked Radio knowledge comes from his six years as a firmware designer for Ericsson-GE in Lynchburg, VA.

John has been a Ham since 1977. He is also currently working on setting up an ECHOLink node for our EARS 146.88 repeater. This will be a can't-miss meeting!

### **December 13th EARS Annual Christmas Party**

Once again taking place after EARS helps at the Christmas Parade, and once again at the home of Konrad, N6UKO, this annual event is a great chance to socialize with all the great folks in EARS.

Bring a single (approx) \$5 gift to get in on the gift exchange. You won't want to miss this fun time.
